

## Singapore

I just adore, Singapore  
The hazy night I spent there with you,  
Just us two.  
Hangin' out at Raffles drinkin' slings,  
And listenin' to the crazy things  
We never knew  
Piano, bass and violin could do.

Back on the ship, you and me,  
Gazing as the stars slipped by the sea.  
Pondering the earth's sweet mystery,  
Wonderin' how it all began,  
You took my hand,  
And I knew we were in a love story.

Talkin' 'bout Singapore, Singapore,  
The city sticks in my mind.  
Singapore, Oh, Singapore,  
A sweeter love I'll never find.

Now I'm alone,  
On my own,  
Living on the Isle of NYC,  
And you're a million miles away from me,  
I wonder if we'll meet again,  
Where or when,  
Or if we'll just remain a memory
